

LAPORAN PRAKTIKUM

Halaman
1 of 20

A. IDENTITAS

NIM : 2403001
Nama Lengkap : Siti Sa'adah
Kelas : D3 TI 2A
Program Studi : D3 TEKNIK INFORMATIKA
Jurusan : TEKNIK INFORMATIKA

B. HASIL PRAKTIKUM/ TUGAS

Sajikanlah Laporan **Praktikum 10 - Event-Driven Programming (Event Handling)** dengan format (*.pdf) dan ketentuan sebagai berikut:

1. Terdapat penyelesaian **Latihan** event handling Counter App menggunakan library MigLayout dan FlatLaf yang disertai bukti hasil running
2. Terdapat penyelesaian **Tugas** event handling Counter App menggunakan library MigLayout dan FlatLaf dan **navigasi** JPanel dinamis menggunakan objek CardLayout, yang disertai bukti hasil running
3. Terdapat **foto (scan)** gambar dari media kertas beserta **deskripsi penjelesannya** mengenai rancangan tampilan UI menu utama aplikasi yang telah disepakati bersama oleh tim (mengacu ke tim proyek) dengan ketentuan:
 - (a) tampilan UI menu utama aplikasi pada ukuran ideal,
 - (b) tampilan UI menu utama aplikasi pada ukuran tidak ideal (bisa jadi ukuran resolusi layar terlalu luas, atau lebih sempit dari ukuran ideal)
4. Terdapat penyajian redaksi **pengalaman pembelajaran yang didapat** (secara **pribadi**) selama mempelajari materi Event-Driven Programming secara keseluruhan (baik dari teori, praktikum/latihan, maupun pengerjaan tugas individu dan kelompok)

1. Latihan

4. Pengalaman Pembelajaran

Pada materi Event-Driven Programming ini kita mempelajari cara membuat perangkat lunak yang terpicu oleh *event* yang berbeda beda. Yaitu :

1. Event Source
2. Event Trigger
3. Event Object
4. Event Dispatching
5. Event Listener
6. Event Handler

Selain itu kategori Event Handling terbagi menjadi 3 :

1. Semantic
2. Low-level
3. Specific

5. Link Repository

<https://github.com/Tisa-34/murasaki-app>
